Per Sections 64432 and 64469, Title 22, of the California Code of Regulations (CCR), the Mineral County Water District is required to collect and report an annual nitrate sample from the raw water source intakes. Our records show that the water system did not report an annual nitrate sample for the Raw Water Martin Creek intake for the year of 2017.

Enclosed is Citation No. 21-18C-012 (hereinafter "Citation"), issued to the Mineral County Water District (hereinafter "Mineral County Water District"), public water system. Please note there are legally enforceable deadlines associated with this Citation.

The Mineral County Water District will be billed at the State Water Resources Control Board's (hereinafter "State Water Board"), hourly rate for the time spent on issuing this Citation. California Health and Safety Code (hereinafter "CHSC"), Section 116577, provides that a public water system must reimburse the State Water Board for actual costs incurred by the State Water Board for specified enforcement actions, including but not limited to, preparing, issuing and monitoring compliance with a citation. At this time, the State Water Board has spent approximately 1 hour on enforcement activities associated with this violation.

The Mineral County Water District will receive a bill sent from the State Water Board in August of the next fiscal year. This bill will contain fees for any enforcement time spent on the Mineral County Water District for the current fiscal year.

Any person who is aggrieved by a citation, order or decision issued under authority delegated to an officer or employee of the state board under Article 8 (commencing with CHSC, Section 116625) or Article 9 (commencing with CHSC, Section 116650), of the Safe Drinking Water Act (CHSC, Division 104, Part 12, Chapter 4), may file a petition with the State Water Board for reconsideration of the citation, order or decision.
